Administrative

Reviewed and signed Minutes for 11/28/2022. Motion to accept by Marc Bernier, second by Deborah Marquis, all in favor.

Other Business:

- David and Ellie Crosman of 1110 Main St. were in to request something be done about the gravel pit behind their house. They stated that the owners, Randy Cyr and Scott Poirier, had put in a road (with no silt fence) which was 15 feet from the edge of the stream. The owners are digging at late hours in the night. Also, people have been using the pit to target practice.
The Board stated that their recourse is to go see DEP. The Town doesn't have an ordinance to regulate the pit. The Crossman's asked about having an ordinance and the Board stated they should go see the Planning Board to discuss writing an ordinance.
- Deborah stated the State called looking for how many people had applied for the property stabilization program. She gave them the number.
She called Cindy Namer and O'Donnells about doing assessing for the Town.
- Brad stated there was going to be an ATV meeting about access routes in the Town of Topsham at 6:30 at the Topsham Town office on Dec. 15th if anyone was interested in going.

- Brad covered the Vault door with a tarp until he can talk with Tom Garrepy about putting the vault door in the fire department bay. Also, Brad needs to talk with the contractor, Tyler, about a change order for the addition.

Brad was in contact with the State about the Doughty Rd culvert, possibly getting a grant. The max that a grant would cover, if we were eligible, would be \$125,000.00. The State said that a concrete culvert would be cheaper. Brad will be meeting with them on 12-13-2022. When he does meet with them, he will also take them out to the Dead River Rd culvert to show them the culvert the State put in has sunk about 2 feet.

Adjournment at 7:40PM. Brad Totten made a motion to adjourn, Deborah Marquis seconded and all in favor.
