- Gary Snyder came in to see when the door and window will be replaced on the recycling building and to find out if Wi-Fi will be available when the addition is finished. The Board told him the door won't be in until February and then it will be put in.

- Melanie stated she received several e-mails from other Town Clerks about people coming into their offices with cameras and walking through all the rooms. These people call themselves "First Amendment Rights Auditors".
- Brad met with the State in reference to the Culvert on Doughty Rd. The State recommended that we hire someone to write a grant for the culvert. Their recommendation was Eric of Calderwood Engineering of Brunswick. Brad will ask him to provide an estimate to write the grant and file a permit. We will need to do one culvert one year and one culvert the second year due to the cost of the

culverts. (it will take two culverts to cross Doughty Rd)There is a website(Maineculvertsandroad.com) that has all the information on all the bridges in the State.

- Marc asked if any word from the Auditors and we have not received any correspondence.
- The Board worked on next year's budget.
