

Town of Bowdoin Meeting Minutes for Select Board meeting for, Monday, April 20, 2026

Meeting called to order and pledge of allegiance recited at 6:34pm

Attendees:

Marc Bernier, Select Chair

Jane Boyle, Select Member

Michaeline Mulvey, Chair and Planning Board Member

Wendall Card, Jr.

Wendall Card Jr. was in to discuss donating the cost of paving the Robert's Road from the Quarry to route 125. Wendall understands he cannot do the project himself, as road repair/construction responsibilities pertain to the Town of Bowdoin maintenance road statutes. Mr. Card has been informed of the State mandated section and code this applies to. Mr. Card will be in touch with Treasurer David Manfredi in regards with follow-ups and payments when costs are known.

Marc notified the IT department, as the Town of Bowdoin Website was not working properly. The issue has since been corrected.

Jane opened discussion regarding Town of Bowdoin employees, and elected positions to list all current job obligations to document all duties being completed by said employees and elected officials. Jane will have a follow up meeting with David Manfredi, Treasurer to review the steps to complete this task.

Michaeline discussed the email we received from Codes Enforcement concerning a proposed subdivision for Map 6, Lot 31-01. She said the Planning Board did not tell the applicant they needed to pave the subdivision Road before homes are built. She did say any subdivision with more than 2 lots is required to have finished pavement when the subdivision is completed. Michaeline said the applicant and/or Dennis should come to the next Planning Board meeting to discuss further as there appears to be confusion/misunderstanding on the subdivision road requirement

Motion to adjourn made by Marc at 7:52pm, seconded by Jane. All in favor 7:52 pm

JB
